

The New England Collection

Byron & Byron's collection of 'polmets', the **New England Collection**, is designed for people who want to bring the freshness of the painted wood clapperboard houses typically found in New England into their own homes. "And that's where our polmets come in," says Orazio Gualtieri of Byron & Byron, "because we wanted to produce a decorative curtain pole whose simple shape would fit in with today's interiors.

"We call them polmets because they hang on brackets, like curtain poles, but are fitted with track, like pelmets. By taking curtain rings out of the equation we have created a look that is much more streamlined and contemporary in feel."

The **New England Collection** of polmets comes in 35mm and 50mm widths and in the following paint finishes: buttermilk, pale blue, lettuce green, ivory and crackle gold. To accompany this, the brackets and 'end caps' (which are too discreet and modern in look to be called finials) come in polished brass, antiqued brass, cream or black.

The **New England Collection** is available from September 2005. The recommended retail price for a polmet with two brackets and two end caps is from £ 210. Please telephone Byron & Byron on 020 8344 7979 for stockist details.
