

The Oxides Collection

Byron & Byron's collection of 'polmets', the **Oxides Collection**, is designed for people who find beauty in the unusual and who have an eclectic, even unorthodox, attitude towards their interiors. "We call them polmets because they hang on brackets, like curtain poles, but are fitted with track, like pelmets," says Orazio Gualtieri of Byron & Byron.

"The polmets are our response to the need for a pared down but nonetheless decorative look. By taking curtain rings out of the equation we've created a look that is much less cluttered and more contemporary in feel."

The **Oxides Collection** of polmets comes in two widths, 35mm and 50mm, and four colours: antiqued bronze, tarnished silver, rust and China gold. The accompanying brackets and 'end caps' (which are too discreet and modern in look to be called finials) come in polished brass, antiqued brass, chrome or matt black.

The **Oxides Collection** is available from September 2005. The recommended retail price for a polmet with two brackets and two end caps starts from £ 210. Please telephone Byron & Byron on 020 8344 7979 for stockist details.
